Transparency Matters: Where Your Gift Goes

We are committed to ensuring your generosity creates the greatest possible impact. At TRUE Africa, we have built a unique model centered on the power of volunteerism to ensure resources are directed where they are needed most. We pay no salaries, and because our team members donate their professional skills, **95% of donations goes directly to the education and humanitarian care of students.**

Supporting Nutrition: Food Security During School Breaks

During school breaks, most students head home to be with their caregivers. To ensure our students maintain health and to support their households, we provide large bags of rice and beans during school breaks. These deliveries provide food security while students are away from their campus meals. By easing the financial pressure on families, we can support the entire family until school begins again!

**Project Highlights:
Water Tanks: Bringing Clean Water to Schools**

We recently completed a vital project, installing three new water tanks and repairing the guttering systems at primary schools. Each tank collects and holds an estimated 5,000 liters of clean rainwater. Access to safe drinking water is essential for the health of every child. Please reach out if you would like to help us fund a future development project!

How You Can Help.

Expanding Our Community

Help us grow our impact by forwarding this newsletter to a friend or family member who shares your passion for education. By sharing our stories, you introduce others to the opportunity to sponsor a child and support life-changing education in Uganda. As a volunteer-driven organization, we rely on your voice to help us reach new partners who believe in our mission. Together, we can welcome more supporters into our community and empower even more students to achieve a self-sustaining future.
